Dream Box is DREAM METAL SAN, which has carried out hundreds of professional applications in the construction industry for 17 years and has brought different products in the field of import and export to different sectors around the world. TRADE. LTD. It is the new brand of ŞTİ company.

# ABOUT US

## MISSION VISION

Dream Box was put on sale after a 6-month R&D process, based on the theme of durability, ecology, architecture and first-class comfort, and as a result of all the details being analyzed and tested one by one. Apart from our indispensable general application criteria, all products produced under the Dream Box brand are completely designed specifically for the customer.

### **Dream Box Extra Living Spaces;**

Extra living spaces, consisting of different sizes and designs, are designed as a new generation winter garden, guest room, study room, game room and outdoor garden kitchen that you can use in the garden of your existing house.

### **Dream Box Tiny House Plus;**

TINY HOUSE PLUS, where we developed a completely different design and technical application system in the Tiny House sector, which is very common in our country and around the world.

### **Dream Box Plus Steel Houses;**

Dream Box Plus Steel Houses, where the steel details, light concrete and wood combination that we produce for zoned areas are combined in a design.

### **Dream pool modular pool systems;**

In Dream Pool products, the internal details of the pool (Jacuzzi - Stairs - Interior Coating material, etc.) are planned entirely according to customer demand. The alternative plans we have designed have been prepared to give you an idea. Each Dream Pool produced is produced specifically for you.
